of the

Southern States Championships 1989 - 1995

Southern Cross Championships 1996

Crusaders Cup 1997 - 1998

FOREWORD

This compilation of statistics and data trace the beginning of what is now known as the Crusaders Cup. Starting with humble beginnings as the Southern States Championships in 1989 the concept was designed to cater for an elite level of competition for teams outside of Queensland and New South Wales. Its purpose was to entice teams who could not attend the National Championships or who were constantly coming away from this tournament not having learnt anything except how to accept defeat graciously, to compete on more even terms. Teams at the first tournament were ACT, South Australia, Tasmania and Victoria.

The Southern States was also an arena for a more even level playing field for the teams attending and followed along the same lines as the Southern States Rugby Championships. Similarly the Eastern States Championships catered for divisions that were not played at the Nationals and were generally frequented by not only NSW and Queensland teams but ADF, Northern Territory and Western Australian teams.

In 1994 the traditional Mens Women and Mixed divisions were expanded to all senior players to compete and in 1995 the ACT teams were split into North and South Canberra and New South Wales Regional teams were also invited. The Australian Defence Forces joined in 1996 and with the ATA's move to a National League the events become the base for the Crusaders team in the NTL.

Much of the early data from the championships does not seem to be available, but the results etc. are recorded and since the Crusaders cup commenced in 1997 all information regarding scores and representative all stars has become available.

I hope you enjoy reading and perusing this information and if you have access to any data that will enhance this booklet then please forward it to me.
