TOUCH COMPETITION

XVI PACIFIC GAMES

The 2019 Pacific Games is the sixteenth edition of the Pacific Games. The Games were held in Apia, Samoa returning there for the first time since 2007. It is the third time overall that the Pacific Games have been held in Samoa.

The event was initially awarded to Nuku'alofa, Tonga, but the Tongan government officially withdrew from hosting it in May 2017, amid concerns the country could face economic difficulties if it proceeded.

The South Pacific Games 2019 provided an opportunity to bring together Sports from all over the Pacific Rim including Touch playing Nations within the Region to showcase the skill and talent of the Touch Communities within these countries.

This competition is the catalyst that ignited the competitive spirit of the participants and caused the formation of the South Pacific Island Nations Touch Confederation

These results and statistics are the continuation of the History of this Confederation
