Australia were invited to send teams to compete in the European Championships in 2000, 2002 and 2004 along with other Club and International teams. On each occasion over age teams were selected to attend the championships and compete in Open divisions as a development tool for the European Nations

Needless to say they displayed great skills and won comfortably on most occasions. Although not eligible for Semis or Finals they did compete in a final series against other Invitational Teams.

The history of these games and other statistics pertaining to the Australian's incursion into Europe are contained in this document. Please enjoy reading their history
